Data Migrator Objectives:

- Become familiar with the features and capabilities of Data Migrator
- Learn the purpose of each of the components of Data Migrator
- Learn how to migrate Peachtree, BusinessWorks Gold, QuickBooks, and BusinessWorks v. 12 data into MAS 90 or MAS 200
- Learn strategies for evaluating the source company's data in order to perform a successful migration

Overview of Spokes

- Information that is migrated into the Hub for each module
- Information from Peachtree that can be used in setting up your MAS 90 or MAS 200 company
- The reports that are used for comparing imported data
